CEO HEALTHCARE ROUNDTABLE WEBINAR | 3:00PM EST

Please join us for a discussion about the many challenges our hospitals and health systems are facing related to staffing shortages, return to work issues, and physician and caregiver burn-out and depression post pandemic. What are the cultural changes and leadership skills required to move past the pandemic and focus on both the patient's and the caregivers own health and well-being?

Phil Cass, PhD, CEO Physician Leadership Academy
